<b>Scope</b>	<p>The goal of the IJGSB is to explore the opportunities and threats of globalisation for small businesses as well as small businesses" strategic options in an increasingly global world. Dramatic changes in contemporary society and the economy have impacts on small businesses. The changing environment negatively influences the development and survival of smaller organisations in some areas and creates new opportunities for small businesses in others. Small firms" managers increasingly have to cope with global as well as local competitive dimensions. Research in this broad field thus is highly relevant.</p>
