Abstract.

Indonesia law enforcement is concerned about hoax that are already known as political commodities that cause dissonance in the public order. In Indonesia, hoax familiarly known to design horizontal conflict. In the effort of keeping the public order, the law maker had introduced in the Indonesian Criminal Code, particularly in Section V of Crime Against Public Order, and some acts criminalized in other law that contain criminal sanctions outside the code. The problem discussed in this paper is how law regulates about hoax and what kinds of acts are criminalized by law, and the penal policy in the freedom of information in information communication technology regime.
