ABSTRACT

The amount of new food and beverage MSME businesses arriving in Indonesia can become competitors for large restaurants such as fast food restaurants. So that fast food restaurants must pay attention to various factors that can keep customer satisfied and loyal to their restaurants. This study was conducted to determine the factors that influence the customer satisfaction and customer loyalty in the fast food restaurant Pizza Hut in Surabaya. Data processing is done using software Structural Equation Modeling (SEM) analysis and AMOS Graphics. Data was collected by online questionnaires and obtained as many as 155 respondents who met the criteria of this study. The result showed that there was a positive and significant influence between price, location and environment, service quality on customer satisfaction and customer satisfaction on customer loyalty. Meanwhile, food quality have not effect on customer satisfaction.

Keywords: *fast food restaurant, food quality, service quality, customer satisfaction, customer loyalty.*
